

Everything you need to know about  
**THE ALL ACCESS PACKAGE**

# BMW

The **Sirius All Access** package includes every channel available in your BMW, plus the ability to listen everywhere with SiriusXM® Internet Radio.

Listen to **Everything, Everywhere** with All Access.

All new BMWs come with the **All Access Trial**. You'll be able to listen:

#### In Your Car

Hear every channel available on your satellite radio, including every premium channel.

#### On Your Computer, Smartphone or Tablet

Listen with **SiriusXM Internet Radio** on your **computer, smartphone** and **tablet**.\* You'll be able to **customize**

your favorite music and comedy channels, listen to your favorite shows **on demand**, and hear even more — including our **SiriusXM Latino** channels.

\*Certain channels not available on our Internet radio service or on mobile devices.

## Sirius All Access Package FAQs

**Q:** When does my customer's Sirius All Access trial start?

**A:** For vehicles that are factory-equipped with SiriusXM Satellite Radio, the trial subscription begins the moment your customer takes ownership of the vehicle. If you cannot hear satellite-radio audio, you will need to send a REFRESH signal to the radio to resolve this issue. (Refer to the BMW Tip Sheet for REFRESH instructions.)

**!** After you confirm that the service is active inside the vehicle, direct your customer to [siriusxm.com/getallaccess](http://siriusxm.com/getallaccess) to register their account and establish their login credentials necessary to access SiriusXM Internet Radio.

**Q:** How is the Sirius All Access package different from Sirius Select?

**A:** With the Sirius All Access package your customers can listen to everything, everywhere, including over 150 channels inside their BMW, plus access to SiriusXM Internet Radio on their computer, smartphone and tablet.

**Q:** Which vehicles will receive the Sirius All Access package?

**A:** Any new MY13 and beyond factory-equipped vehicle or any MY10 and beyond dealer-enabled vehicle. Please refer to the latest SiriusXM dealer bulletin for more details.
