

NissanConnect
SERVICES

POWERED BY
SIRIUSXM

NissanConnect Services powered by SiriusXM introduces **NEW** updates with the 2024 Rogue SL and Platinum providing your customers with more ways to stay connected to their vehicle.

WHAT'S NEW?

REMOTE CLIMATE CONTROL

In a hurry? Now the customers can remotely check, schedule, or set your vehicle's cabin temperature so it's comfortable before you step in.

ADDITIONAL DRIVER

The primary driver can invite up to 4 additional drivers, customize their permissions and set up notifications for each user - making sharing their vehicle easy!

WALK AWAY STATUS

Walk away with confidence that your Rogue is secure. Can't remember if you closed the sunroof or left the door unlocked? With Walk Away Status you'll receive automatic alerts sent straight to a compatible smartphone when there's something to know about your vehicle's status.

GOOGLE BUILT-IN

Fully integrated user experience that offers personalized navigation, vehicle interaction using only your voice and a dedicated app which supports Media, Entertainment, and more. Services at launch include Google Assistant, Google Maps, and Google Play.

IN-VEHICLE DATA & WI-FI

In-Vehicle Data & Wi-Fi provides the ability to power key vehicle features such as Alexa Built-in, Hybrid radio and Google Play apps, and connect up to 7 passenger devices to stream, browse and more.

ENROLLING YOUR CUSTOMERS INTO CONNECTED SERVICES

Included trials start on the vehicle's purchase date, so it's important to enroll the customers to ensure they have the full opportunity to use their services. You can help the customer create app credentials during NCAR delivery.

1. During Feature Presentation, navigate to the Owner Services section.
2. Have the customer confirm their email address and input a password.
***This email address and password will be used as the customer's login credentials for the app.**
3. Have the customer ACCEPT Terms & Conditions and select "Register".
4. Once submitted, the services will activate, and the customer can log in to the app using the email and password established via NCAR.

For enrollment issues contact vcssupport@nissan-usa.com.

NEW HEAD UNIT CONFIGURATION AND LOGIN

Head Unit Login is required for NissanConnect Services. To complete login, follow these simple steps:

1. Tap "Set up profile" and name the profile using the customers gmail or associated account.
2. Review and Accept Google Terms of Service.
3. Tap "NissanConnect login" and enter the customers NissanConnect User ID and password.
***This is the samelogin that was used for enrollment.**
- 4.. Finally, tap "Login", followed by "Next" and a green check mark will appear on the profile page. Once you see the green check mark, you have successfully activated NissanConnect Services!

Enrollment must be completed for customers to access services. Included trial begins on original sales date of a new vehicle or lease. Upon conclusion of the trial period, owners can choose from Premium, Security or Convenience subscription package.

1 Feature availability is dependent on vehicle model, trim level, packaging and options. **Late availability for some features.** Remote Engine Start/Stop only available on select models. **2** Upon expiration of each trial period, a subscription purchase is required to continue NissanConnect Services. Terms and conditions of Subscription Agreement apply. **3** This feature is compatible with Apple watchOS and Android Wear only. Not all features available on smartwatch. **4** Plus applicable fees and taxes. **5** Available for a period of 36 months/36,000 miles from the date the vehicle is delivered to the first retail buyer or otherwise put into use, whichever is earlier. **6** Available only on Nissan vehicles with AT&T-compatible in-vehicle Wi-Fi hotspot capability. Subject to third party service availability. Trial activation required. Trial ends when all data is used or period ends, whichever comes first. Use features only when safe and legal.

For additional support, please visit <http://www.nissanusa.com/connect> or call Nissan Owner Services at 1-855-426-6628.

See <https://www.nissanusa.com/connect/system-availability.html> for system availability.
