PART I: e-Learning Course Introduction

What's the purpose of the e-Learning Course?

The e-Learning Course is designed to provide all sales, installation, and service employees who work for automobile dealerships with a one-stop shop for all the information and knowledge they need to help their customers learn more about SiriusXM and the trial they will receive upon the purchase or lease of their vehicle.

Will I be rewarded by taking the e-Learning Course?

Yes. Once you successfully **complete the e-Learning Course with a passing score of 80%**, you will be officially **certified as a SiriusXM Specialist** and **earn a free 90-day streaming trial** which you can use **to listen to SiriusXM** on your own devices **with the SiriusXM app**.

PART II: Registration

Do I need to register before taking the e-Learning Course?

Yes. Participation is open to all sales, installation, and service employees, at least 18 years of age at the time of registration, working for automobile dealerships located in the 48 contiguous United States, D.C., and Puerto Rico that sell SiriusXM-equipped vehicles. **Registration is required before taking the e-Learning Course.**

To become a registered learner, **go to siriusxmlearning.com/registration** and follow the directions for participant registration. Registration is free.

What information do I need to provide to complete the registration?

You will need to create your username and password for your e-Learning account, provide your name and email address, and select your dealership and the automotive brand you are currently selling/working/servicing.

Can I establish multiple e-Learning accounts for myself?

No. Each individual must establish and maintain his or her own e-Learning account and must be **actively working as a dealership employee**. You may only create one account regardless of how many email addresses you have. However, you may create a new e-Learning account when you change your dealership. In that case, you will create a new e-Learning account that's associated with your new dealership.

How to search for my dealership during registration?

Search for Dealership:

When searching for your dealership, please type the keywords into the **"Search for Dealership"** box and then click the **"SEARCH"** button.

The screenshot shows a search interface. On the left, there are labels: "Organization" with a sub-label "Search for Dealership *", and "Automotive Brand *" with a sub-label "Select...". To the right of these labels is a large, empty search input field. To the right of the input field is a blue button with the word "SEARCH" in white. Two red arrows point downwards: one points to the search input field, and the other points to the "SEARCH" button.

The best way to search is by using your dealership's name and address. For example, if your dealership is **Park Motors Inc., 9728 N 2nd St, Manchesney Park, IL 61115**. You can use:

a. (Preferred) Keywords of your [Dealership Name + Address], see examples below:

- Keywords of your **Dealership Name + Street Number**
Keywords for search: Park Motors 9728
- Keywords of your **Dealership Name + Street Number + City/Village**
Keywords for search: Park Motors 9728 Machesney Park
- Keywords of your **Dealership Name + Street Number + State**
Keywords for search: Park Motors 9728 IL
- Keywords of your **Dealership Name + Street Number + Zip Code**
Keywords for search: Park Motors 9728 61115
- Keywords of your **Dealership Name + Street Number + City/Village + State**
Keywords for search: Park Motors 9728 Machesney Park IL
- Keywords of your **Dealership Name + Street Number + City/Village + State + Zip Code**
Keywords for search: Park Motors 9728 Machesney Park IL 61115

b. Only keywords of your [Street Number + City/Village/State/Zip Code], see examples below:

- **Street Number + City/Village**
Keywords for search: 9728 Machesney Park
- **Street Number + City/Village + State**
Keywords for search: 9728 Machesney Park IL
- **Street Number + City/Village + State + Zip Code**
Keywords for search: 9728 Machesney Park IL 61115

Dealership Search Tip: Please always pick the keywords that are unlikely to change in format. For example, if your dealership is AUTONATION CHRYSLER DODGE JEEP RAM 21027 NORTH FWY # IH-45 SPRING TX 77388-5606, you don't want to include "FWY" in the search keywords because "FWY" might be written differently—in this case, it could be "freeway"—in our system.

What should I do if I can't find my dealership?

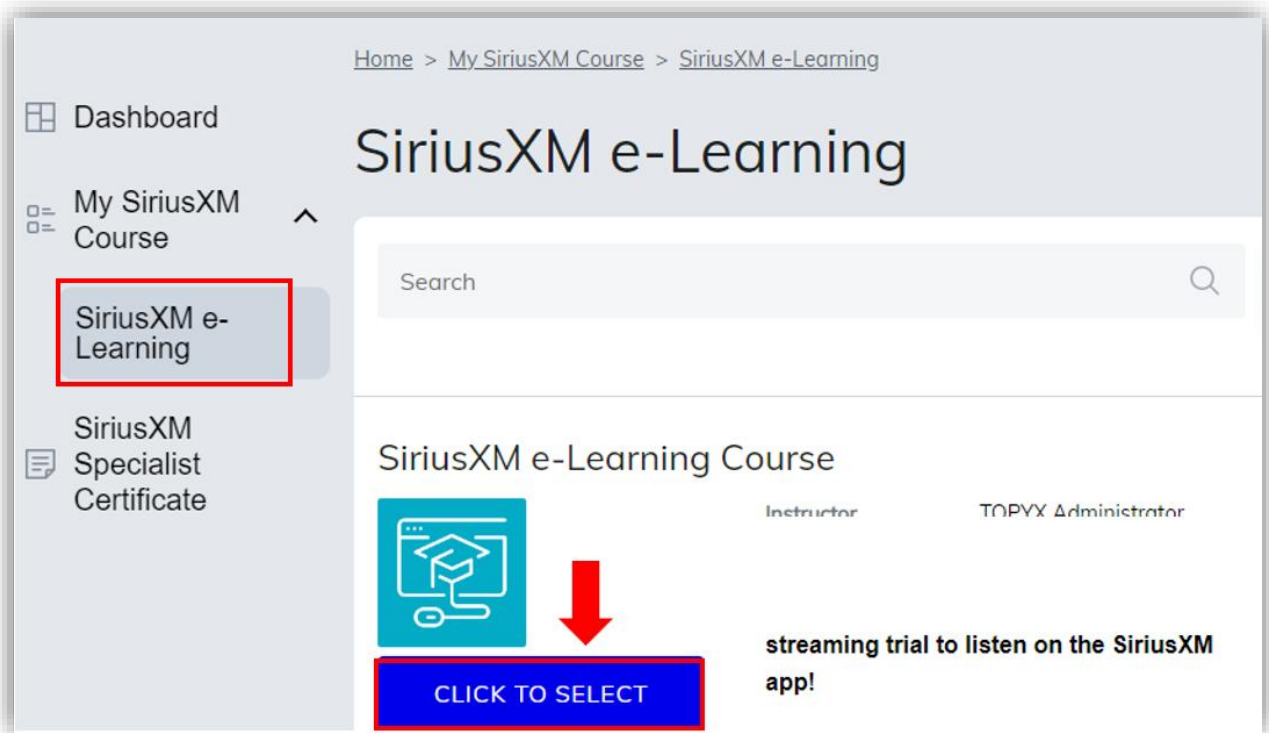

If you can't find your dealership in the drop-down menu of our dealership list on the registration form page, please email us at learning@siriusxm.com and provide the full name and address of your dealership so we can add it to our system.

PART III: Courses

Can I take the e-Learning Course on my smartphone or tablet?

Yes. SiriusXM e-Learning website is mobile-friendly. You can access it on any iOS or Android device.

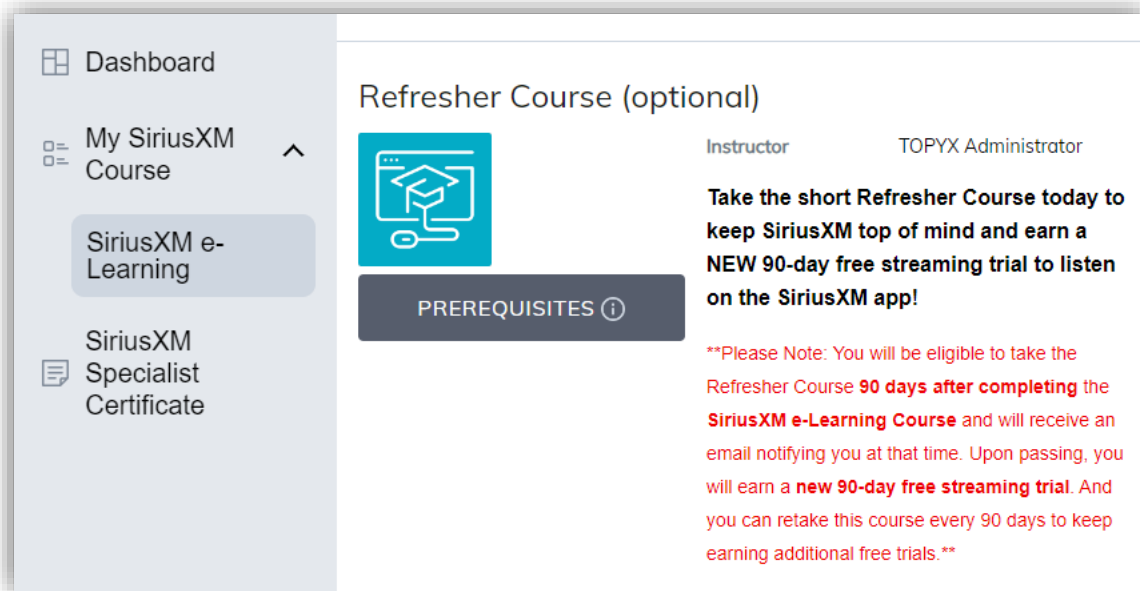

Which course should I take to earn my 90-day free streaming trial?

You should take the **SiriusXM e-Learning Course** to earn your initial 90-day free streaming trial. Once you complete the registration process and successfully log in, you will land on the “**SiriusXM e-Learning**” page. Click the “**CLICK TO SELECT**” button to launch the course.

The e-Learning Course has only one module and takes about 15 minutes to finish. **It can be taken only once.** Upon passing the course (score at least 80 out of 100), learners will be **certified as a SiriusXM Specialist** and **earn a 90-day free streaming trial**. Your trial login will be emailed to you within 24 hours of course completion.

What is the Refresher Course, and do I earn additional free streaming trials by completing it?

The Refresher Course is designed to remind learners of what they've learned from the e-Learning Course. After your initial 90-day free streaming trial expires, you are eligible to take the Refresher Course. **An email will be sent to remind you to come back.**

The Refresher Course also has only one module and takes about 5 minutes to finish. Upon passing the course (score at least 80 out of 100), learners will be **recertified as a SiriusXM Specialist** and **earn a new 90-day free streaming trial**. Your new trial login will be emailed to you within 24 hours of course completion. Unlike the e-Learning Course which can be taken only once, learners can **come back every 90 days to retake the Refresher Course** to keep earning new free streaming trial periods.
